

NATURAL POOLS & PONDS

Expertise in chemical-free pools and ponds with natural filtration.

FRANCIS POND

FIRM : Topia Landscapes

YEAR : 2020

Private interior garden for groundfloor appartment.
Construction of a “bathing pond” - a natural outdoor bath tub for 2-4 people, with marsh plant filtration system and adjacent “wadi” for infiltration of excess warer.
Garden planted with woodland perennials and shrubs.

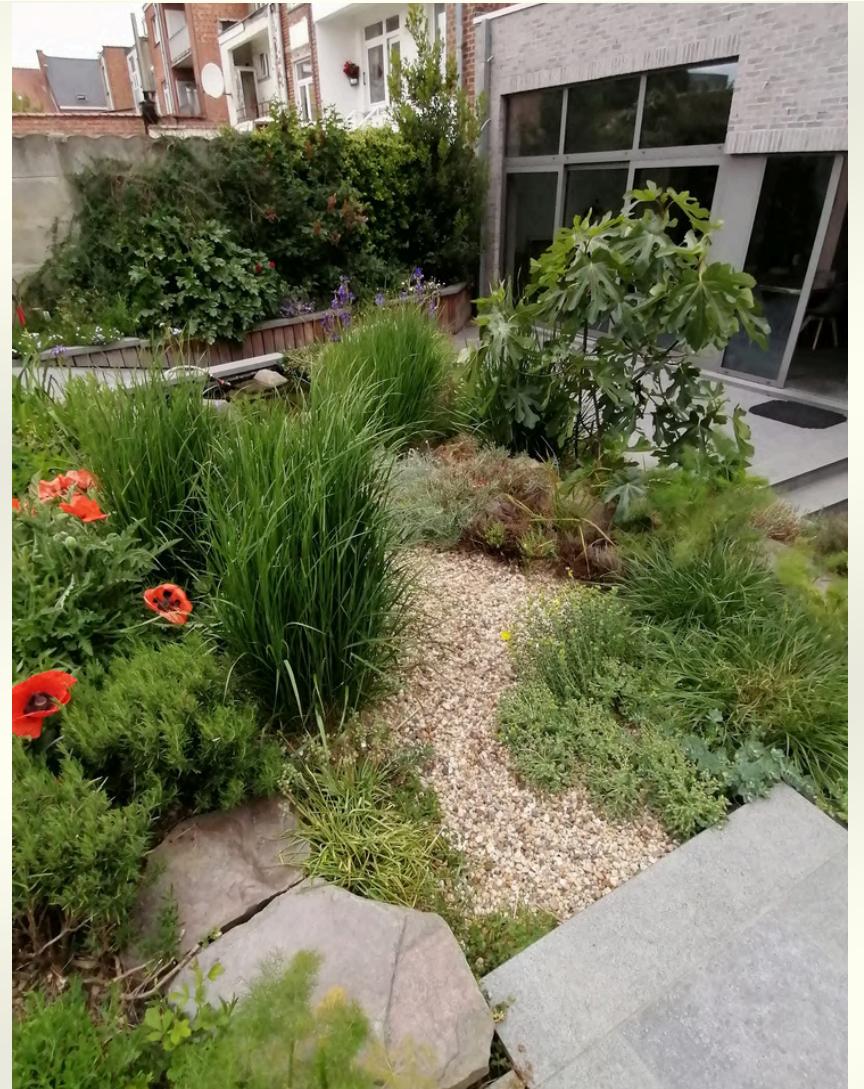

JOLI BOIS

FIRM : JNC International

YEAR : 2008

Semi-public parc and private gardens inside new complex of apartment buildings, partially on top of underground parking garage.

Large pond for retention of rainwater, water circulation through cascading basins and plant filter.

LEMAIRE ANDERLECHT

FIRM : Topia Landscapes

YEAR : 2016

Private family garden.
Rockgarden and “bathing pond”, marsh plant filter.
The garden is structured by “fruit hedges” made of
trellised fruit trees against wooden frames and
contains large beds of perennials, vegetable plots
and a woodland garden.

**DECLERCO
ANDERLECHT**

FIRM : Topia Landscapes
YEAR : 2022

Private family garden.
Water garden consisting of
an upper rocky pond (play
pond for small children), a
stream and a lower bathing
pond with marsh plant filter.
Extensive use of wood from
felled and trimmed trees to
construct large raised fruit-
and vegetable beds.
